Part II: Strategy session and follow-up confirmation and agreement among Higher Education Accreditation. (Bring ideas)

Cheryl Mitchell

1.) How can we fast track recruitment, training, and ongoing support for ECE and elementary teachers? Could we consider a process such as that used in Law Enforcement which would include residential opportunities (ideally with child or child care) at one or more of the currently empty college campuses?

2.) ECLP is exploring a certification in Nurturing Care (an intergenerational, nature and community engaged approach to serving young children and their families). We wonder if others are interested?
